

# Technical Data Sheet

Product name:  
**Wall-Ramp**

Construction materials:  
**Concrete of class C 25/30, hot dip galvanized steel**

Date create:  
**2015-03-13**

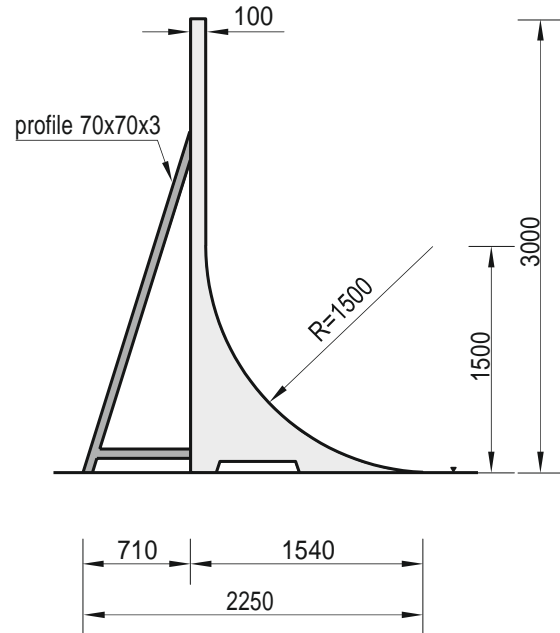

Code:  
**172408**

Destination:  
**Skate Park**

Scale:  
**1:50**

Weight:  
**4500**

Notes:

## Technical description:

- Construction made of concrete class C 25/30 and hot dip galvanized steel
- All steel elements are protected against corrosion
- Support construction made of steel profiles 70x70x3mm
- Concrete elements are protected by impregnation and painted with acrylic paint PILBET

**WARNING ! Children are allowed to use the item only under supervision of adults.**
