

Technical Data Sheet

Product name:
Quarter-Pipe 980 - 2,4m

Construction materials:
Concrete od class C 35/45, hot dip galvanized steel

Date create:
2014-05-21

Code:
142498

Destination:
Skate Park

Scale:
1:50

Weight:
3760

Notes:

Technical description:

- Construction made of concrete class C 35/45 and hot dip galvanized steel
- All steel elements are protected against corrosion
- The device is available in 4 height versions: 700mm (142470), 980mm (142498), 1250mm (142412) oraz 1500 (142415),
- The set includes: 2x Box 980 + 2x Coping Ramp 980,
